OUT

We opened our first pizzeria in 2015 and were the first to
introduce pizza "napoletana" to St. Petersburg.

To prepare the dough, we use only four classical ingredients:
flour, yeast, salt and water. The dough is fermented for at least
24 hours, that makes it easier to digest, lighter and more airy.
Pizza has a "leopard color" – which is formed from the contact of
the dough with fire.
